

METRANS on the Move: **our weekly newsletter by students**

In the News

The articles in this newsletter are prepared or accomplished by others in their personal capacity. The opinions expressed are the author's own and do not necessarily reflect the views of METRANS or its partners.

Snow and cold will make for difficult post-Christmas travel across the western and northern United States

Snow and cold continued to blanket the western and northern United States, setting up hazardous post-Christmas travel conditions Sunday and into the final week of 2021.

Covid flight cancellations delay holiday travel

More than 2,200 flights have been scrapped on Monday, with Chinese and US destinations being the worst hit, the FlightAware data tracking website says. US airlines say the disruption is due to crews testing positive or isolating.

WEBINAR: Aviation and Climate Change Forum

Thursday, January 20th at 10:00 am PST, hosted by **Saint Jose State University**

Aviation's impact on climate change is significant, and without mitigation, this impact is expected to grow as the industry recovers from the global pandemic. Climate change has a corresponding, large impact on aviation; changing weather patterns can affect aircraft performance, infrastructure, and operations.
